Subject: Arch Coal Inc

Dear Vicky,

I received o/c updates from Utah on the Banning Loadout Ch 1 Revisions from Angela Nance. I only found discrepancies in the Arch Coal Inc company structure. The discrepancy is that 15 people are left off of the o/c that was submitted to Utah verses the info currently contained in AVS.

I printed what is in AVS and I checked the ones that are matching. If you would send me your fax number I will send you the list I have marked to save yourself the time of matching what was submitted verses the list attached.

I also do not have your phone number.

Please get back with me as soon as possible so that we can fix the discrepancies. I will fax you what I have on file from Larry Emerson if you need it.

Thanks.

Linda
